

PUBLIC LEDGER

FOURTH YEAR.

MAYSVILLE, KY., MONDAY, JUNE 17, 1895.

ONE CENT.

"If you have friends visiting you, or if you are going away on a visit, please drop us a note in that effect."

Dr. C. C. Owens left last night for New York.

Mrs. Charles Ball is visiting her parents at Carr's Lewis county.

Miss Elizabeth Best of the county is visiting Miss Rebecca J. Martin.

Mosera Claude Toole and Duke Rudy have returned from Georgetown.

Miss Rebecca J. Martin of Millersburg is visiting Mr. and Mrs. H. R. Bierbower.

Major E. Stanley Lee is home from an extended trip through Pennsylvania and Virginia.

Mr. John D. Bruer of Paris spent Sunday in this city with Mr. C. C. Calhoun and other friends.

Mr. C. A. Jewett returned to his home in Croton this morning after a visit to friends in this city.

Miss Fannie L. Gordon Principal of the Girls High School is spending the vacation with relatives at Lexington.

Colonel W. Latou Thomas returned Saturday afternoon from a tour through Southern Kentucky and Tennessee.

Mr. Robert Tollie who has been attending school at Georgetown is spending the vacation with relatives in this city.

Mr. L. M. Mills, Superintendent of the Mayville Manufacturing Co., is looking up business not the K. C. this morning.

Mr. P. H. Ward, of Poughkeepsie, N. Y., is here to attend the closing exercises of the school of St. Francis de Sales.

Miss Jennie Holton, daughter of Mr. W. L. Holton, this county, has been visiting Miss Marian N. Wormald during the summer vacation.

Mr. and Mrs. Durfee of Covington, after an extended visit to friends and relatives at Washington, this county, returned home this morning.

Miss Leslie Fisher of Cincinnati, who has been the charming guest of the Misses Childs of East Third street, returned home Saturday afternoon.

Miss Tillie S. Davis has returned from an extended visit to Louisville. She is accompanied by Miss Hoffman, who will be here for some time.

Mr. Williams, formerly of this city, passed through here this morning en route to Indianapolis. He is now traveling for a large tea house in that city.

Mrs. C. H. Slack of Bristol, Tenn., and Miss Alice Wren, who has spent their summer vacation in school at Boston, are returning to this country with their mother Mrs. A. Wheeler of this city.

Miss Tillie S. Davis has returned from an extended visit to Louisville. She is accompanied by Miss Hoffman, who will be here for some time.

Mr. Williams, formerly of this city, passed through here this morning en route to Indianapolis. He is now traveling for a large tea house in that city.

Mrs. C. H. Slack of Bristol, Tenn., and Miss Alice Wren, who has spent their summer vacation in school at Boston, are returning to this country with their mother Mrs. A. Wheeler of this city.

Mr. and Mrs. J. W. Dyer, chemists, and daughter, Mrs. and Mrs. J. W. Dyer, chemists, and son, all of Louisville, were present callers on Tom Logan Saturday. Mr. Brigham was the Cycling Editor of The Post, and Mr. Dye represents the printing interest of the Falls City.

W. H. Frederick of this city has a re-issued pension.

George Cogar of Danville has purchased, so far this season 1,400,000 pounds of hemp.

Jaller J. K. Shage of Edmonson county was fined \$100 at Brownsville for negligently permitting a prisoner to escape.

As Councilman Henry S. Watson of Mt. Sterling was on his way home Saturday night some unknown fired at him with a shotgun. He wasn't hit, however.

Dr. Thomas E. Pickett and daughter Miss Abbie, who have been in Europe for the past year, will sail tomorrow in time to reach Mayville by the 30th inst.

The Democrats of Mason will meet at the courthouse this afternoon and select delegates to attend the State Convention to be held at Louisville on the 25th inst.

Dr. H. K. Adamson attended the recent session of the State Medical Society at Harrodsburg, and came within one vote of securing the next meeting in Mayville.

The funeral of the late Mr. Samuel Smith will take place from his late residence on West Third street at 3 o'clock this afternoon under the auspices of the Oddfellows. He had been a member of the Order 33 years.

The receipts of the several Building Associations of this city Saturday night were as follows:

Mason County.....\$ 451.25

Lucas County..... 288.20

People's..... 288.20

Total..... 1,079.65

NOTICES.

Mr. John Knobell of York, Pa., will be at Mrs. Dutton & Bro's Stable, Mayville, Ky., on Wednesday, June 26th, 1895, and will pay the highest market price for good, sound horses or mares from 4 to 8 years old, well broken and in good flesh. Bring good ones and get the money for them. Don't forget the date.

MAYSVILLE WEATHER.

What We May Expect for the Next Twenty-four Hours.

THE LEDGER'S WEATHER FORECAST:

Blue—Rain or snow.

With black above—will be warmer now.

If black underneath—cold front will be.

Clouds black's show—no change will see.

The above forecast are made for a period of thirty-six hours, ending at 6 o'clock tomorrow evening.

We respectfully invite the comparison of THE LEDGER with any other daily newspaper in all Kentucky cities.

If any one can find a daily paper printed in the Ninth Congressional District that has

A Larger Circulation, or

More Original Reading Matter,

we will take pleasure in accrediting him with a year's subscription to THE LEDGER. And this paper is furnished at same price as inferior ones.

George Strubling of Murphyville has gotten a release of his pension.

George A. Taylor, the bunc man now at Jaffray Paris, is wanted at Portland, Oregon, on seven different charges.

Mr. George H. Clinger bought the old Fifth Ward schoolhouse Saturday for \$100. It has to be moved in ten days.

Lorenzo Dow Corrington, who tried to turn virtil at Cardinal Vaughan at London, turns out to be a Kentuckian.

The Covington Commonwealth is properly indignant at a wreath in which our people pored coal oil on live rats and set it on fire. He will probably learn one of these days what the sensation is like.

Frank Martin a Paducah barber has conducted a shop within a block of the Old Fox ten years, and never been to the river in that time. He was doubtless too busy talking to his customers.

The editor of The Elkton Progress conferred with a number of farmers regarding the wheat crop, and they estimate it at two-thirds of a crop. They think wheat will command satisfactory prices.

Hon. John P. McCartney of Flemingsburg spoke at a rousing Republican meeting at Falmouth Saturday night.

Penelope county is booked for 500 majority for Bradley.

One of the best things Sam Jones ever said was: "The most beautiful sight in the world is to see a family gathered around a heartstone, with the head of the family reading his paper—paid for in advance."

An attempt is being made to have Claude M. Johnson, Chief of the Bureau of Engraving and Printing at Washington, become a candidate for Mayor of Lexington. He served several terms in that capacity, being elected in 1880.

Mr. C. W. Smith of Lagrange is engaged in arranging for a state poultry show to be held in Louisville during the autumn. A preliminary meeting will be held at Music Hall, Louisville, at 2:30 o'clock Saturday, July 6th, to take preliminary action.

Hammocks For Hot Weather.

J. T. RACKLEY & CO.

The expected bill of extending the Civil Service rules to the Government Printing Office has been signed by President Hayes.

The order will add about 3,500 employees to the classified service, increasing the number under the protection of the Civil Service Law to about 55,000.

The "Navy" has a man with

"The Locals" in four rounds.

But then they didn't come out ahead

Of Water Watson's bounds.

When three great games had ended up

The score stood one to one—

"Our boys" who else, won in four round frown.

With the final "four" was bad.

Our boys came to the scratch.

And at the close of the game the fourth

It was an even match?

Ledger!

The Court of Appeals has affirmed the judgment of the Louisville Chancery Court denying the right of the Louisville and Nashville Railroad, under the provisions of the Constitution, to acquire the railroad.

The L. & N. will ask for a hearing, and if that is denied will carry the case to the Supreme Court of the United States. The decision is favorable to the design of the Illinois Central, which claims to own the C. O. & S. W., and has been awaiting the end of litigation to assume control.

THE LEDGER'S BASEBALL FAN!

Points in the Game Played Saturday Morning at Maysville's Handsome New Park.

We won, but it was only by an eyelid, and made the series an even break.

The weather Saturday morning was ideal for ball-playing, and the same stiff breeze that blew across the lot and wafted the cheeks of pretty maidens, gallant beau, wheelmen, the man who never misses, and last but not least the rooster, and entwined them, animated the home team as well.

The game fully demonstrated the uncertainty of baseball. What appeared to be a runaway victory for our boys up to the eighth inning turned out to be a hairbreadth escape for them.

Bradley went in to pitch for the home team. After seven innings put up a fine game, but after that he let down. Bradley was taken out in the middle of the eighth and Wadsworth substituted. Henry finished the game in clever style.

Both sides drew blanks in the first inning, although Engle was remarkably active around a heartstone, with the head of the family reading his paper—paid for in advance.

Engle's wildness caused the Locals to get two men around the circuit in the second. Reiman walked, as did Wadsworth, and Sutherland banged a beauty to left, but Schrall got it near the ground and robbed him of a run. Lind missed Hellerman's assist of Bradley's grounder, and Bradley was given life. Reiman crossed the rubber. Tenley sacrificed Wadsworth to third, and he scored a moment later on a passed ball.

Both sides drew blanks in the first inning, although Engle was remarkably active around a heartstone, with the head of the family reading his paper—paid for in advance.

Engle's wildness caused the Locals to get two men around the circuit in the second. KENTUCKY REPUBLICAN PLATFORM.

We are opposed to the free and unlimited coinage of silver, believing that it would involve the country in financial ruin. We believe in a sound currency in the use of both gold and silver for coined money, provided always that a dollar in one is made precisely as valuable as a dollar in the other. We favor a Tariff Reform, but we do not believe that the time has come when a tariff that may be successfully manufactured or produced in this country, thus giving good wages to the labor and a home market to the producer, can be imposed on us by force. We believe in the maintenance of the dollar as the standard of value, and in the retention of the gold standard.

We believe that such a system will destroy every Government expense, gradually regulate all indebtedness, reduce public confidence and relegate us to a safe and secure position in the world. We believe that it will be necessary to reorganize the old state bank system and wildcat tendencies, we often hear the Republican party say, and that it will be necessary to protect the American system of the Nation.

We favor an American policy which will protect American agriculture and interests in any part of the world, and at the same time, with justice, with strongly Republican rather than ignorant monarchies.

SENATOR QUAY thinks Republican editors and leaders are making a grave mistake in permitting Democrats to push the silver question to the front. He calls attention to the fact that the Democrats are divided on the Tariff, and refers to the failure of the bills they passed. He says that by trying to fight the silver question a year ahead the Republicans have taken up an issue upon which they themselves are not entirely united, instead of clinging to the Tariff idea, upon which they are united, thus allowing the Democrats to call away attention from the monumental failure of the last Congress to properly cope with the great problem of Tariff.

WAGES, IN some instances, are higher than they were in 1894. But they are far below the wages of 1891 and 1892.

All over the country there have been strikes for the purpose of securing even the wages of 1893.

The volume of business has increased over that of 1894, says The American Economist, but it is only 80 per cent. of that of three years ago. Business failures in the last few weeks have been over 600, against less than 500 in the corresponding period of 1892, and this, too, in spite of the fact that the weaker firms went under long ago. Exports have decreased, although the markets of the world are open to us. We have been selling bonds instead of

Don't feel well

Why?
Oh! I don't know. Worry I expect.
Worrying about what?
Well, you know the servants are a heap of trouble.

The children worry me a heap.
I am broken down.

In the morning I generally have a headache;

Along towards evening my back feels as if it would break.

Every time the baby cries I nearly jump out of my skin, I am so nervous.

Your system needs toning up.
Why not take Brown's Iron Bitters, the best strengthening medicine made. It will give you a good appetite, make your blood rich and pure, give you strength, make life a pleasure. Not only take it yourself, but give it to the children. It is pleasant to take. Small dose. The only iron medicine that doesn't blacken the teeth. But get the genuine—it has crossed red lines on wrapper.

BROWN CHEMICAL CO., BALTIMORE, MD.

redeeming them as we did under a Protective Tariff.

So much for the business boom which has come through Tariff Reform—the boom which has come through Tariff Reform, but which, strange to say, did not reach us until the party of Protection had again been swept into power and had been placed in control of the legislative branch of the Government.

THE Kentucky Republican Platform—the three essential planks of which we keep standing at the head of this column—is broad enough and sound enough for all Americans to stand upon.

Cole's Water Filter \$2. Filigrain's the Plumber.

It's a Great Success.

The fact has been demonstrated by the thousands of testimonials the Myers Drug Company, of Oakland, Md., has received since it has sent its famous Magnetic Cure Seal for \$1 per bottle, one bottle to last for a three month treatment. Three bottles is the highest record ever required to complete a general cure.

It is an unequalled offer and if you are a sufferer from rheumatism, send your name and address to the address given above. No medicine has received such an endorsement from the people in so short a time as this. The makers sell the medicine on business principles, and those who buy it for personal use, by the dozen, get a cure. The Myers Magnetic Cataract Cure sells for \$1 per bottle, one bottle to last for a three month treatment. Three bottles is the highest record ever required to complete a general cure.

This is an unequalled offer and if you are a sufferer from rheumatism, send your name and address to the address given above. No medicine has received such an endorsement from the people in so short a time as this.

The makers sell the medicine on business principles, and those who buy it for personal use, by the dozen, get a cure.

To those in regular health I say that I have the highest reward for your courage.

Mr. R. R. Conductor speaks:

CUMBERLAND, Md., April 20th, 1892.

To the friends of the Republic and friends covering the circuit. In view of the past history of the Democratic party, its devotion to the old state bank system and wildcat tendencies, we often hear the Republican party say, and that it will be necessary to protect the American system of the Nation.

We favor a Tariff Reform, but we do not believe that the time has come when a tariff that may be successfully manufactured or produced in this country, thus giving good wages to the labor and a home market to the producer, can be imposed on us by force.

We believe that such a system will destroy every Government expense, gradually regulate all indebtedness, reduce public confidence and relegate us to a safe and secure position in the world.

We believe that it will be necessary to reorganize the old state bank system and wildcat tendencies, we often hear the Republican party say, and that it will be necessary to protect the American system of the Nation.

We favor an American policy which will protect American agriculture and interests in any part of the world, and at the same time, with justice, with strongly Republican rather than ignorant monarchies.

SENATOR QUAY thinks Republican editors and leaders are making a grave mistake in permitting Democrats to push the silver question to the front. He calls attention to the fact that the Democrats are divided on the Tariff, and refers to the failure of the bills they passed. He says that by trying to fight the silver question a year ahead the Republicans have taken up an issue upon which they themselves are not entirely united, instead of clinging to the Tariff idea, upon which they are united, thus allowing the Democrats to call away attention from the monumental failure of the last Congress to properly cope with the great problem of Tariff.

WAGES, IN some instances, are higher than they were in 1894. But they are far below the wages of 1891 and 1892.

All over the country there have been strikes for the purpose of securing even the wages of 1893.

The volume of business has increased over that of 1894, says The American Economist, but it is only 80 per cent. of that of three years ago. Business failures in the last few weeks have been over 600, against less than 500 in the corresponding period of 1892, and this, too, in spite of the fact that the weaker firms went under long ago. Exports have decreased, although the markets of the world are open to us. We have been selling bonds instead of

WASHINGTON.

Several Old Monitors to Be Put Into Service.

Rules Assigned for Examination in Government Printing Office.

Millions of Acres of Irrigated Tracts of Land Soon to Be Opened in the Public—Enough to Accommodate About a Million Settlers.

WASHINGTON, June 17.—Ever since the war seven monitors have been lying at Richmond in the James river. The United States has been protecting the monitors and about \$50,000 a year, and is now determined to send them away, threatening the Richmond citizens' already.

One already has been sent, and the Raleigh and Ajax have been ordered to the Potomac to be ready for service, to see if they can be used for defense operations. It has been suggested that the other four could be placed in New York harbor, be given new guns, and be effective as a battery.

WASHINGTON, June 17.—The government printing office rules assigned by the president provide for the grouping of the former into classes, on a basis of experience, to determine what examinations are practicable; the rules provide for practical and competitive ones, while for places for which examinations are not practicable they establish a system ofeterminate application.

The limitations of age are fixed at 21 to 45 for men, and 18 to 35 for women. No application may be received for admission to one of the classes unless the applicant has served at least five years at the particular trade, one year of which must have been as a journeyman. In other respects the requirements for examination are similar to those of other branches of the civil service.

WASHINGTON, June 17.—Millions of acres of land will soon be thrown open to settlement. This is the result of an act passed by congress giving to the states and territories the right to regulate their own immigration laws.

Washington, June 17.—Incomes of the people in Idaho are to be accommodated on these millions of settlers. The land is to be opened to homesteaders, who for nominal sums are to be permitted to purchase 160 acres, on condition that they will cultivate the land to the central and eastern states, the opening of these millions of acres means more competition and at the same time increase the grain production of the United States. Senator Dubois says that in Idaho alone 100,000 families can be accommodated on these lands.

COLONIAZATION DESTROYED.

WASHINGTON, June 17.—The state department has received a communication from the people of the Congo Free State that a force fought a battle with a large army of Derribes in the district between the Nile and the Ubangi, killing him.

The force was led by Captain Charles, who had been fighting several days at his home, Williams, the son, quarreled with his father, the father thereupon pulled a revolver and fired three shots, all taking effect. One bullet passed through his heart, another through his neck and a third lodged in his spine.

THE IRISHMAN INVESTIGATED.

WASHINGTON, June 17.—Advises from the Congo Free State show that a force fought a battle with a large army of Derribes in the district between the Nile and the Ubangi, killing him.
